OS Omkar Salunkhe MENU

SOCIAL MEDIA MANAGER · CINEMATOGRAPHER · PUNE

Content planned like a campaign. Shot like a film.

I'm Omkar Salunkhe. For four years I've planned the content, shot the footage and edited the videos for schools, sports bodies and community brands. One person owns the strategy and the camera, so the story stays intact from brief to post.

ABOUT

Strategy on one side. A camera on the other.

I'm a social media manager and cinematographer based in Pune. I plan the content, write the hooks and captions, shoot the footage, edit the reels, publish, and read the numbers afterwards.

Most teams split that work across four people. I've done it end to end for school admissions, sports organisations and a community listening initiative. Fewer hand-offs means faster turnaround and content that looks like one idea.

Every post I make is part of a campaign. It has an audience, a job to do, and a way to be measured.

I plan it

Content pillars, calendars and campaign ideas built around what the audience needs to see.

I shoot and edit it

Camera, lighting, composition and editing handled in-house, from reels to promotional films.

I read the results

Reach, engagement and growth decide what gets made next.

WHAT I DO

Social media marketing, from strategy to final cut.

STRATEGY

Social Media Management

End-to-end handling of your channels: planning, publishing, community replies and performance tracking.

STRATEGY

Content Strategy

Content pillars, calendars and audience-first ideas that give every post a clear job.

PRODUCTION

Content Creation

Reels, posts, stories and videos built for the platform they run on, in a consistent brand look.

PRODUCTION

Reels & Short-form Video

Hook-first concepts, scripts, shooting and editing for Instagram Reels and YouTube.

PRODUCTION

Photography

Brand, product, event, corporate and campus photography for social feeds and campaigns.

PRODUCTION

Cinematography

Camera operation, composition and lighting for promotional films, corporate videos and event coverage.

GROWTH

Social Media Campaigns

Integrated campaigns taken from concept to performance review, including admissions and lead generation.

GROWTH

Meta Advertising

Campaign setup, audience targeting, creative planning and boosting through Meta Ads Manager.

GROWTH

Analytics & Reporting

Reach, engagement, impressions and audience growth tracked, then used to decide what to make next.

STRATEGY

Brand Storytelling

A school's culture, a team's match day or a community's purpose, turned into stories people connect with.

Need one of these, or the whole workflow?

Tell me about your brand →

CASE STUDIES

What the brief was, what I did, what changed.

Every figure here comes from my own records. Where I don't have a number, it says so.

CAMPAIGNS

School Admission Campaign

BRAND	Indo British Group of Schools
INDUSTRY	Education
MY ROLE	Cinematographer & Social Media Manager
DURATION	2 years at the group
PLATFORMS	Instagram, Facebook, YouTube, LinkedIn

---

01 CHALLENGE

Several school brands and campuses needed to be visible to parents at admission time, with communication that felt consistent on every page.

---

02 OBJECTIVE

Build awareness of the schools and generate admission enquiries through digital campaigns.

---

03 AUDIENCE

Parents, prospective parents and families looking for quality school education.

---

04 STRATEGY

Content strategy tied to admissions, brand awareness, events and parent engagement. Visual storytelling covered campus infrastructure, student activities, academics, sports, performing arts and school culture.

---

05 CREATIVE DIRECTION

Cinematic campus and student footage, admission creatives, testimonials and

behind-the-scenes content, kept in one consistent look across the school brands.

---

06 EXECUTION

Concepts were filmed and edited in-house, then published as Reels, Stories, posts and YouTube videos across Instagram, Facebook, YouTube and LinkedIn.

---

07 MY CONTRIBUTION

Content strategy, concept, cinematography, editing, creatives, publishing and community management. [ADD: who ran paid promotion, if any]

---

08 RESULTS

5M views on the admission campaign	**500** admission enquiries from digital campaigns	**1.2K → 6.3K** Instagram followers
+65% Instagram engagement growth	**100+** reels, videos, creatives and campaign assets	NOT PROVIDED Campaign dates, ad spend, cost per enquiry

---

09 KEY LEARNING

Parents decide on trust. Showing real classrooms, real students and real events, consistently, gives a school reasons to be trusted before anyone visits. [REVIEW: rewrite in your own words]

MY PROCESS

Eight stages, one loop.

The last stage feeds the first. What the numbers show shapes the next round of research.

01

Research

Study the brand, its audience and what similar accounts post before any idea is written.

02

Strategy

Set the goal, the audience and the content pillars every post has to serve.

03

Planning

Build the calendar, scripts and shot lists, with formats matched to each platform.

04

Creation

Shoot, design and edit in-house so the story stays consistent from idea to final cut.

05

Publishing

Post at the right time, with hooks, captions and calls to action written for the platform.

06

Community

Reply to comments and messages quickly, in the brand's own voice.

07

Analytics

Track reach, engagement, impressions and growth against the original goal.

08

Optimisation

Keep what worked, drop what didn't, and carry the findings into the next plan.

EXPERIENCE

Four years across education, sports and community brands.

2 years

[ADD DATES]

Education

Indo British Group of Schools

Cinematographer & Social Media Manager

Ran content strategy, campaigns and publishing across multiple school

Ran content strategy, campaigns and publishing across multiple school brands and campuses on Instagram, Facebook, YouTube and LinkedIn.

Conceptualised, filmed and edited school promotional and corporate videos, and turned major school events into social content.

Created 100+ reels, videos, creatives and campaign assets, and delivered 50 major photo and video projects.

Contributed to an admission campaign that reached 5M views. Grew Instagram from 1.2K to 6.3K followers, with engagement up 65%.

AI in my workflow

I use ChatGPT and Claude for caption drafts, script structure and content ideas. CapCut AI and AI-assisted editing speed up the edit, and Canva AI and image generation help with visuals. The strategy, the footage and the final call stay mine.

MY APPROACH

How I think about social media

How I think about social media.

Strategy

Every post has a job. Before I plan content I want to know the audience, the goal and what we want people to do next.

Creativity

A good idea is specific. I look for the detail that is true to the brand, then build the hook, the frame and the edit around it.

Consistency

Audiences trust brands that show up. A calendar, a recognisable look and a steady posting rhythm matter more than any single post.

Performance

Numbers decide what I do next. I read reach, engagement and growth, keep what works and change what doesn't.

I'd rather show you what a post did than tell you how good it looks.

CONTACT

Have a brand that needs better stories, stronger content and smarter social media?

Tell me about the brand, the audience and what you want to change. I'll reply with how I would approach it.
